

Voting results for **Catalyst Fund9**

INTRODUCTION

How to use this document

The Catalyst team would like to thank all proposers who have shown the courage to participate.

We hope you gained something from the process, even if your project wasn't selected for funding in Fund9.

We always encourage you to re-apply again in the following fund.

To view Fund9 Voting Results in detail, here are a few terms and definitions that will help as you read through the results.

PROPOSAL

Title of proposal with link to Ideascala

OVERALL SCORE

Final PA assessment score after QA by vPA*
*(veteran) Proposal Assessors

UNIQUE WALLETS

Number of unique ballots cast per proposal
Each wallet can vote only once per proposal

VOTES YES

Total Voting Power applied in favor of a proposal

VOTES NO

Total Voting Power applied against a proposal

PROPOSAL BUDGET

Funds requested by proposal

VOTING RESULT

Difference between voting power applied for and against a proposal

Positive value indicates more yes votes and negative value indicates more no votes. Table is filtered in descending order according to this value

STATUS

FUNDED

Funded Proposals. Congratulations!

Meet approval criteria; highest 'result' gets funding first; if approved but not enough budget remaining then move to the next one

NOT FUNDED

Proposals that met criteria for approval, but whose budgets exceeded the remaining challenge budget

>1% of total stake voted (yes or no), >15% difference between yes and no votes

NOT APPROVED

Proposals that did not meet criteria for approval, and were not eligible for funding

Fund9 **Funded Proposals**

FUNDED PROPOSALS SUMMARY

Which proposals received funding?

Votes have been tallied. Take a look at the proposals that **are going to be funded by the Cardano Community**.

NOTE: If your project was approved for funding by the Cardano Community, please keep an eye on your inbox associated to the email address you registered with on Ideastyle. You will be receiving details regarding next steps in the coming days.
